

BOLT-ON FNPT IPS UNREINFORCED and REINFORCED CLAMP SADDLES

FOR HDPE and PVC IPS PIPING

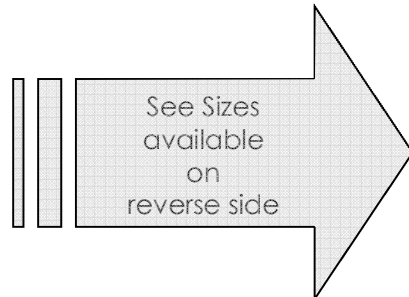

Stainless Steel
Reinforcement Ring!
No corrosion or rust!

Stainless Steel
Bolts and Nuts!
No corrosion or rust!

Body Material: PP (Polypropylene); Gasket: NBR Rubber ; Metal Reinforcements: Stainless Steel
Bolts & Nuts: Stainless Steel; Threads: Female

IPS Male Adapters—
Ideal companion product for
use with the Clamp saddles

Why FloPlast Compression Clamp Saddles?

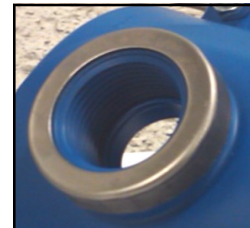

- **Save money... compare costs to Copper and Brass fittings.**
- Simple installation— no loose components, no glue, no fusing
- Saddles install in minutes resulting in labor and equipment cost savings.
- Rated pressures: Non-reinforced: 2" psi at 180 psi; 3" and above at 145 psi;
Reinforced: 2" psi at 232; 3" and above 180 psi
- High PSI Rating all fittings offered
- Tests show fitting assembly cannot be pulled apart in accordance with ISO 3501
- Maximum temperature is 176°F at 232PSI
- Gasket: NBR (Black Nitrile Rubber), suitable for contact with potable water
- Environmentally friendly
- Conform to AWWA C-901 & AWWA 906-90
- Made of Polypropylene... tougher than the pipe itself
